PROFILE

SINENHLANHLA

PERSONAL DETAILS

Name	Sinenhlanhla
Surname	Hlongwane
Gender	Female
Nationality	South African
Equity	African
Languages	Zulu/English
Driver's License	No
Residential Area	Tembisa
Areas Available for Employment	Johannesburg

PERSONAL PROFILE

Sinenhlanhla is a determined and forward-thinking woman in technology, holding a BSc in Computer Science and Statistics.
With a strong academic foundation in both software development, she brings a balanced skill set that positions her well in today's fast-evolving digital economy—where insight, innovation, and evidence-based decision-making are key.
Beyond her academic achievements, Sinenhlanhla has invested her time in tutoring and mentoring students, guiding them through coding exercises, problem-solving techniques, and statistical concepts.
She stands as an inspiring role model, exemplifying excellence through dedication, discipline, and continuous learning.
Currently, she is registered at Mecer Inter-Ed in the Java Skills Program, where she is expanding her expertise in modern programming practices and strengthening her impact in the IT field.
This commitment to upskilling highlights her long-term focus on professional growth, adaptability, and staying relevant in a competitive industry.
Sinenhlanhla's journey reflects what it means to be a woman in IT today: capable, resilient, and purpose-driven—not only building her own career but also uplifting others along the way.

MIE ASSESSMENTS

The IKM TechChek Problem Solving A and Problem-Solving B

These assessments are critical tools for evaluating the cognitive agility and analytical reasoning essential in today's software development environments.

Tailored to measure fundamental problem-solving abilities such as logical deduction, numerical fluency, pattern recognition, and attention to detail, these assessments help identify candidates with the mental acuity necessary to navigate complex coding challenges and fast-paced development cycles.

While each version presents a unique set of scenarios, both are structured to deliver complementary insights, offering a balanced view of a candidate's aptitude.

Below is a breakdown of the core skill areas assessed:

Equations and Spatial Relations	Test knowledge of graph lines and points; reading and comprehending data charts; finding the area and perimeter of geometric figures; and solving for variables.
Emphasizing Details	Measures focus and awareness through questions that require quick responses. This includes image and text comparison.
Sequencing and Patterns	Assesses ability to recognize patterns and properly identify sequences. This includes measuring logical reasoning with number series.
Using Arithmetic	Tests ability to use inductive and deductive reasoning in resolving numerical problems. This includes solving everyday mathematical problems, rounding exercises, and simplifying expressions.

Results: IKM TechChek Problem Solving A Overall Score 56%
IKM TechChek Problem Solving B Overall Score 49%

Java SE7

The IKM TechChek Java SE7 assessment is a dynamic, adaptive evaluation tool designed to measure practical Java SE8 proficiency. It covers essential and advanced concepts relevant to real-world development tasks.

Below is a breakdown of the core skill areas assessed:

Java Memory Management	Garbage collection, memory allocation, object lifecycle
Java I/O	File handling, streams, data input/output
Java Program Construction	Code structure, modularity, interfaces
Assignment	Value assignment, type conversion, expressions
Java Classes	Class structure, inheritance, inner classes
Internationalization	Localization, resource bundles, formatting
Declarations	Variables, data types, initialization
Flow Control	Conditionals, loops, logical branching
Exception Handling	Error catching, exception types, flow recovery
Access Modifiers	Visibility control, encapsulation
Compilation and Deployment	Build tools, JARs, classpaths
Strings, Formatting and Parsing	String manipulation, formatting, parsing
Object Orientation in Java	Encapsulation, polymorphism, abstraction
Operators	Arithmetic, logical, relational, bitwise
Generics and Collections	Lists, maps, sets, type safety
Class and Interface Usage	Interfaces, abstract classes, design patterns
Concurrency	Threads, synchronization, concurrent utilities

Results: IKM JAVASE7 Overall Score

COURSES & CERTIFICATIONS : Mecer Inter-Ed.

Mecer Inter-Ed	Work Readiness - Soft Skills - Effective Time Management - Decision Making and Critical Thinking - Professional at the Workplace - Business Etiquette and Professionalism	02 February – 06 February 2026
Mecer Inter-Ed	Introduction To Programming	09 February – 20 February 2026
Mecer Inter-Ed	Programming in HTML with JavaScript and CSS3	23 February to 06 March 2026
Mecer Inter-Ed	Introduction to Programming – Java Fundamentals [OCA]	09 March to 27 March 2026
Mecer Inter-Ed	Introduction to Programming – Java Programmer Advanced [OCP]	30 March to 24 April 2026
Mecer Inter-Ed	Introduction to Enterprise	27 April to 08May 2026
Mecer Inter-Ed	DevOps Fundamentals	11 May to 15 May 2026
Mecer Inter-Ed	CompTIA Cyber Security	18 May to 22 May 2026
Mecer Inter-Ed	AI Fundamentals - **Exam (%)**	25 May to 29 May 2026
Mecer Inter-Ed	System Project	08 June to 10 July 2026

TERTIARY EDUCATION

Institution	**University of KwaZulu Natal**
Qualification:	BSc in Computer Science and Statistics (Degree completed)
Dates:	2022-2025
Key Projects:	Echoes of death: A story-driven C++ quiz/game Developed an interactive story-driven game/quiz using C++, where players navigate through a narrative and answer questions to progress. Technologies Used: C++ Role: Sole developer/designer Achievements: This project helped me develop strong skills in C++ programming, including problem-solving, logic, and software development.

SECONDARY EDUCATION

High School	**Tholithemba High School**
School City	Pietermaritzburg
Year of Matriculation	2020
Subjects	English FAL, IsiZulu HL, Mathematics, Physical Sciences, Life Sciences, Geography, Tourism, Life Orientation

EMPLOYMENT HISTORY

Company Name	**University of KwaZulu-Natal**
Position Held	Student Tutor
Employment Period	Feb 2025 – Nov 2025
Roles and Responsibilities	Empowered students to excel in Object-Oriented Programming through clear explanations and practical demonstrations. Supporting students in labs and tutoring sessions to strengthen their understanding of data structures and algorithms. Offered fair and impartial invigilation during assessments Assessed students' practical work, providing constructive feedback to enhance their skills.

TRAINERS REPORT OVERVIEW
